The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing cise gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other ano-dyne expectorant so good as Arma's Chemnar Pecronal. It is invaluable for diseases of the throat and lungs." The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago,

Ill., who says :-Ill., Who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, say proparation of so great value as ATER'S CRIERT PROTORAL, for treatment of diseases of the throat and lungs. It not only breaks up solds and curves severe coughs, but is more effective than anything else in refleving even the most serious bronchial and pulmonary affections."

AYER'S **Cherry Pectoral** 

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been ahandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it.

AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even scute Pneumonia, an saved many patients in the earlier of Pulmonary Consumption. medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.
